PRESS RELEASE UPDATE-BRIDGE

September 10, 2015

A forensic autopsy was conducted on Christopher Bridge at the Natrona County Morgue on the evening of Wednesday, September 9, 2015, by Dr. Thomas Bennett. Preliminary findings indicate that Mr. Bridge's cause of death is from traumatic internal injuries with hemorrhage as well as brain trauma with hemorrhage. The injuries are consistent of a rapid deceleration mechanism which is consistent with a fall from a significant height. Extensive autopsy tests and toxicology are pending and won't be available for six to eight weeks. The investigation is ongoing along with the Casper Police Department.
